The Lakeview Cooperative Preschool was founded in 1959 and incorporated in the State of Wisconsin as a non-profit educational institution. We are a parent-owned non-sectarian school, offering a half-day preschool for three, four and five year olds. The school promotes a climate in which each child may grow in maturity and self-esteem. Teachers and committed parents work together to create a gently structured learning environment and foster a sense of community among pre-school age children while stressing social development, respect for others, listening skills, intellectual exploration and creative expression through art, music and cooperative play.
